Letter From the Principal

Class of 2013, it has been four terrific years watching you develop and mature into young adults. As a class you have continued to contribute to the strong academic and extra-curricular legacy of Mansfield High School. You have contributed greatly to others by performing countless hours of community service. Each year I call upon the senior class to become positive role models for the other students. You have been wonderful and exceeded my expectations

Sometimes it is the smallest things that prove to be the most lasting of memories. One of my favorite times with the class of 2013 would be how cheerfully many of you greeted me as I walked the hallways in the morning or wished you a safe weekend on Fridays, as you headed to the parking lot. Please know that these little things, over time, set a positive and lasting impression.

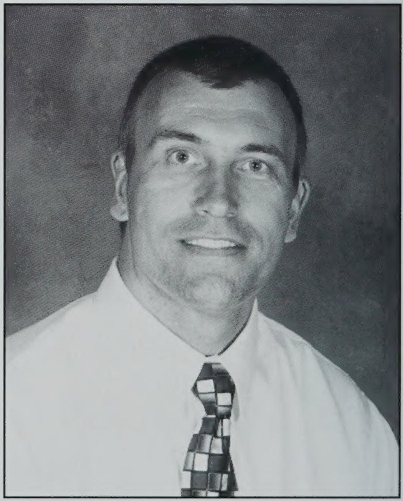
As you graduate, be aware that our whole district is proud of you, as it was a district and community wide effort that has shared in the task of helping you reach graduation and your educational goals. Upon graduation you will become MHS alumni, and it is my hope that you will find a way to stay connected to our school and community.

Best of luck in your post high school plans. I will not say good bye, but rather see you later!

Respectfully,

Michael T Connolly

Principal



Dedication

The 2013 Edition of the Mansfield High School yearbook
is dedicated to

Ms. Judy Newcum and Ms. Julia Atwood

"When many teachers shied away from the task, Ms. Newcum and Mrs. Atwood stepped up to the challenge of being our class advisers. Although they joined us at the end of our sophomore year, it was apparent that they were prepared and eager to help our class. These two teachers did more work in their spare time and behind the scenes for our class than most of the students even realize. They were the driving force behind our class' success and we would not have made it as far as we did without them. They helped the class officers, as well as the rest of the class, with all the necessary tasks that a class needs to be successful.

They will always be remembered
as part of the

Class of 2013.

Thank you for everything you have given us."

-Your class officers and the class of 2013

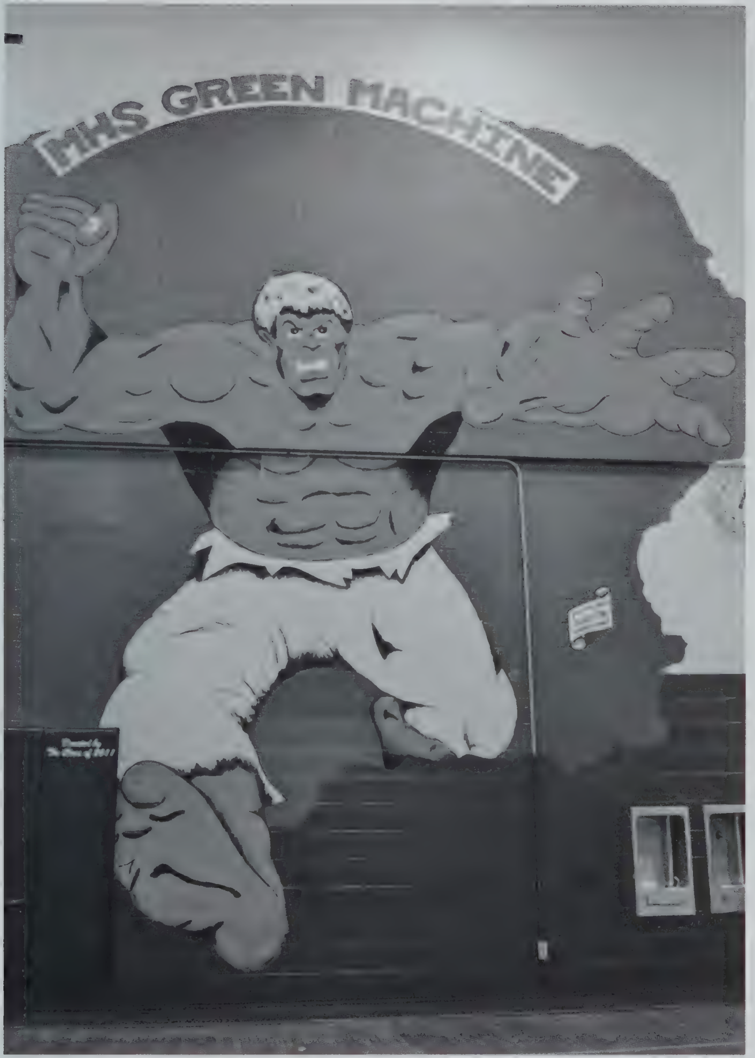
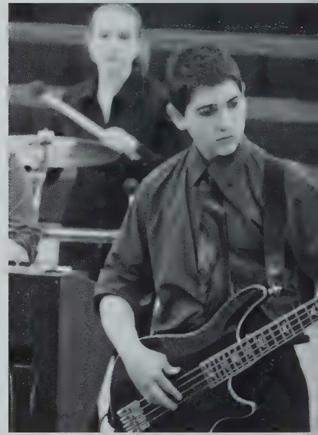
THE GREEN MACHINE



The Green Machine has been a huge part of Mansfield High School since it was painted in 1978. It is one of the most memorable trademarks of Mansfield High School. The wall is scheduled to be redone the summer of 2013 and this big guy will be missed.



The percussion ensemble, led by seniors Anna Bifano, Matt Kelley, and Shawn Daniel, performed well enough in the preliminary round to best the competition by five-tenths of a point.The group opened up that spread between first and second place to nearly five points and went on to become WGI New England Regional Champions while also capturing the high score of the day.

Give Back

Students at Mansfield High School are very involved with community service in lots of different areas. A group of 17 students traveled to the Gulf Coast to do hurricane clean up with Mrs. Fournier and Mrs. Sutherland.

Closer to home, the SSC, Student Service Corps, volunteer their time to help with projects around the community like the soup kitchen and the Easton Children's Museum.

National Honor Society members dedicate their time to tutor middle school students and read the paper to the visually impaired. Students also participated in other projects such as raking leaves in the yards of the elderly and window painting for the Citizens Scholarship Foundation.

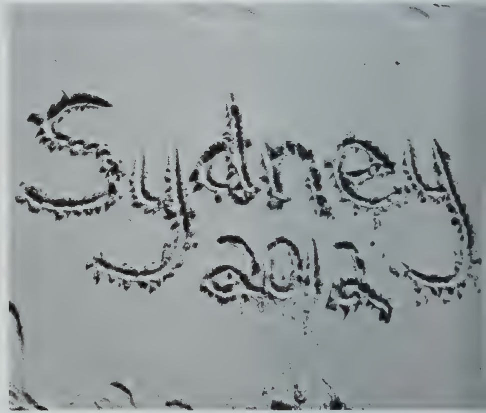
"Aussie Aussie Aussie! Oy oy oy!"



Over the Summer of 2012 the World Travel Club traveled to Australia and New Zealand. They started out their journey by traveling to Auckland, New Zealand where they shopped and toured the city. The next stop was Rotorua, New Zealand where they went to the Agra Dome to feed baby sheep. Their next destination was Sydney, Australia. There they visited the Sydney Opera House, the zoo and went on a ferry tour. Finally in Cairns, Australia they went snorkeling in the Great barrier reef and got the opportunity to hold Koala bears.

High school- it may not be fun at times (or most of the time), but it's a necessary part of adolescence. Once it's over, their will be plenty of new opportunities. But for now, I know that all the experiences I had here made me what I am. Good times in... AUSTRALIA & NEW ZEALAND! rolling down the hill in the Ogo balls, drinking our L&Ps, snorkeling in the Great Barrier Reef, and the 48 hours of sitting on airplanes- good times with good people (you know who you are) and our chaperones McGovs, Dr. Fisher, Profe, and Miss Darcy <3 AS & MK <3"I just wanted to say that you're all winners. And that I couldn't be happier the school year is ending."

Natasha Alisandratos

Thank you to my friends, my family, and to anyone who has made me smile within the past 4 years, I honestly don't know what I would've done without you all.

If my senior blurb wasn't due in 5 minutes, I'd have sooo much more written down. After 4 years of high school you'd think I would have learned to avoid procrastination by now.. So many memories and so many unforgettable times, I wish you all the best of luck! <3

These are our last days as children. Over the past 12 years so much has happened. Friendships have changed and strengthened, and we as a class have grown to be more mature. Every single event, memory, regret, and decision has shaped us to be who we are. During the past 12 years we have been children, still learning about the world around us and now, in our last days as children, we will soon be hit with some hard realities of life, some immense freedoms and some big responsibility, and we should take comfort in all that we've learned together.

"Passion: it lies in all of us. Sleeping,waiting––and though unwanted,unbidden––it will stir. Open its jaws and howl. It speaks to us, guides us. Passion rules us all––and we obey. What other choice do we have? Passion is the source of our finest moments. The joy of love, the clarity of hatred, and the ecstasy of grief. It hurts sometimes more than we can bear. If we could live without passion maybe we'd know some kind of peace. But we would be hollow. Empty rooms shuttered and dank. Without passion we'd be truly dead." -Angelus

I have learned many lessons that I will continue to use in my future life. I have learned a life message from Mister Benoit's class which is taken directly from a lesson, "It is only with the heart that one sees properly. What is essential is invisible to the eye"-le petit prince. I also want to thank Mister Caisse for teaching me skills that I will use in college. In Senior Project, he offers the class little tips about research. His tips are very helpful and much appreciated during the stressful research period. I'm using this Senior Project to learn the sciences behind the airplane. Since I will become a pilot when I'm older, this is opportunity is very helpful.

In our years here at Mansfield, not all of us have been happy, but all of us have grown comfortable. We've grown accustomed to our teachers, our circles of friends, our daily routines. And so for many, the thought of leaving the comfort and complacency we've formed for ourselves is petrifying. But we cannot be afraid to leave behind everything we've ever known because what lies on the other side of Mansfield has infinite potential. When we willingly sacrifice our comfort for the promise of a brighter day, we experience the feeling of growing up. I hope that you all find what you are looking for.

Even though i'm going to miss Mansfield High, i'm moving on to bigger and better things. Seniors 2013, we did it!

My best memory I have at MHS is just laughing in the halls with my best friend Michaela Smith. Over my years here I have made some pretty great friends Amir Hacket who is my brother from another mother, Meg Doherty my go to girl, Abby Wright always there for me. "shes a nice person" Erin glavin my source of laughter. Overall Highschool was pretty fun, besides getting hit by the occasional taco (Meg) I've made some pretty great memories. As for the teachers my favorites are in the art department, they really connect with us and make class amazing. But really as good as it was I'm excited to move on and start living. @jammsoko #yolo

High School here has been a pyramid for me. I feel that I enjoyed Freshman and Sophomore year the most because I was just myself and had a good time. But as I became a Junior and a Senior I have become a bit more reserved because I think people have looked at me differently. But I know now that It's better to stand out from the crowd than fit in. Freshman year was the only time in my life I got straight A's all year, the best I have done before was one or two B's. It was not a dumpster, it was an air conditioner.

Anwesh Yerneni

Had lots of good times at MHS, believe it or not. Western Civ dance off was crazy and dancing and singing with Morales was the best. Suriani's was great and april fools in Ms. Sawyers was one of the funniest moments. Sheehan's and Deasy's classes were great and AP Calc with Ms.K (the purest of all sciences) was intersting. Math team's always getting better and closer to getting to New Englands and XC & Track have always been Hock champs. I've always procrastinated on every single thing though, including this which I submitted 4 days late, but hopefully things will change. Here's wishing you good luck in life, Seniors 13

Tony Younes

So guys, it's finally over. The day we've been dreaming about since elementary school is finally here. We did it guys. We're finally graduating!

Now obviously there have been a lot of important people in my life and I honestly couldn't ask for a better group of friends. Needless to say, my family and friends have always been there for me and I couldn't thank them enough. To specify some people, obviously mom and dad, I love you guys so much! Nick and Adoula, as annoying as you two may be I guess I love you too. MS. FS. NK. LS. AS. AC. AL. and the list could go on for days! I just wanted to say that no matter how much I bash on you guys, I do it because I love you.

Peter Zampine

Your wisdom, compassion and courage to represent yourself and others are inspiring; You are a role model for all those who are lucky enough to know you. Your beauty on the outside is matched equally by the kindness you carry in your heart and give so freely. We are incredibly proud of who you are, how hard you have worked and what you have achieved; May you always follow your heart, trust your abilities and continue to find giggles in every moment.

We'll always be your biggest fans!

CONGRATULATIONS MEAGHAN MARY... YOU DID IT!

Miss Meagh!

You have always been such a blessing...a bright light in our lives! Your laughter, talent, compassion, courage and strength to make your own path in life when the path hasn't always been clear... All of your amazing qualities make us so proud and honored to have you as a sister and a daughter.

We hope you never lose your sense of wonder...And love will never leave you empty handed...And when one door closes, one more will always open...We hope you'll always give faith a fighting chance...And when you get the choice to sit it out or dance...

We hope you dance!
Always dance!

We will always love you Dingles!
